

USB Keypad with Hot Keys

Description

Use the Delock Keypad as a practical accessory for your notebook or PC, by connecting it to a free USB port of your system. By help of the retractable USB cable you can adjust the length as required. The Keypad enables you to enter numbers and symbols quickly and easily and to work more comfortable with the 4 Hot keys, like calculator, email, home and favorite. The additional rubber burling on the bottom, provide a strong hold, whether at home or on the way.
