

Notebook Cooler

Description

This Notebook Cooler by Delock enables you to cool your Notebook during operation and to work more comfortable due to the ergonomic design of the cooler. An even more convenient working will be provided by the noiseless fan, which can be set to any position, according to the Notebook. You can connect the fan via USB, whereas you will not lose an USB port since the USB-fan connector also integrates a female port. The included bolts and screws enable you to bring the Notebook Cooler into a more upstanding position.
