

Delock Ergonomic optical 5-button 3 in 1 mouse USB Type-A / Type-C™ 2.4 GHz and Bluetooth

Description

This wireless mouse by Delock is suitable for right handers and can be connected to the computer via the compact USB receiver. During transport it can be placed inside a magnetic compartment at the bottom of the mouse. The 2.4 GHz wireless technology as well as the Bluetooth support provides a maximum operating range of up to 10 meters.

Multifunctional application 3 in 1

Three different connection options make the Delock mouse especially versatile for computers and mobile devices, such as tablets. With the included USB dongle, it can be connected wirelessly either via a **USB Type-A** or a **USB Type-C™** socket. The mouse can also be connected to the system via **Bluetooth**.

Ergonomical shape

Due to its ergonomic shape and slightly rubberized surface, it is particularly comfortable in the hand and enables long periods of computer work.
