

USB Keyboard wired 1.5 m black with XXL Letters and Illumination

Description

This wired USB keyboard by Delock with different multimedia keys and extra large letters, convinces with its flat design and **integrated illumination**.

XXL letters

A special feature of this keyboard is the **extra large letters** on the keys. These are particularly suitable for senior citizens or people with visual problems.

Illumination

The backlight of the Delock keyboard can be set via four different modes and dimmed or switched off as desired. The lighting is always discreet and inconspicuous. Even in poor lighting conditions, the backlight ensures **better visibility** of the keys.
