

Delock FPV 5100 - 5875 MHz Antenna SMA plug 90° 2 dBi circular polarized white

Description

This antenna by Delock allows the usage of the WLAN band (5 GHz) and the FPV bands indoors and outdoors.

FPV

Thanks to the FPV method, video signals are transmitted in real time from the model to the controller. This technique is also used for VR glasses (Virtual Reality).

Through the view from the first-person perspective, the user gets the feeling of watching with the eyes of the drone. The user also gets a better control of the flight and has a special flying experience. Especially for users of RC model building this is an interesting extension.

Specification

- Connector: 1 x SMA plug 90°
- Frequency range: 5100 - 5875 MHz
- FPV, WLAN (5 GHz)
- Antenna gain: 2 dBi
- Impedance: 50 Ohm
- VSWR: 1.5
- Polarisation: RHCP
- Colour: white
- Cable type: coaxial
- Cable type: RG-141
- Dimensions (LxD): ca. 97 x 37 mm

System requirements

- Device with a free SMA connector

Package content

- Antenna

Item no. 12572

EAN: 4043619125722

Country of origin: China

Package: Poly bag

Images

Interface	
connector:	1 x SMA plug 90°
Technical characteristics	
Frequency range:	5100 - 5875 MHz
Antenna gain:	2 dBi
Impedance:	50 Ohm
Operating temperature:	-50 °C ~ 80 °C
Polarisation:	RHCP
Power handling:	20 W
VSWR:	1.5
Physical characteristics	
Cable type:	RG-141
Dimensions (LxØ):	97.0 x 37.0 mm
