

Delock CFast Flash Card Type I 16 GB

Περιγραφή

The Delock CFast Flash Drive is a CF and „ATA Serial Transport“ (AST) combined new development in fields of memory cards and is due to its high reading and writing capacity ideal for saving and recall data. It mainly convinces by its faster data transfer rate, since CFast is based on SATA.

16 GB

Αρ. προϊόντος 54489

EAN: 4043619544899

Χώρα προέλευσης:
Taiwan, Republic of
China

Συσκευασία: Retail Box

Χαρακτηριστικά

- Capacity 16 GB
- Memory chip: Micron MLC
- Controller: Jmicron
- CFast 7+17pin interface / SATA 3 Gb/s
- CFast type I
- Operating voltage 3.3 V
- Operating temperature: 0° C to + 70° C
- Endurance:
Write/Erase: over 3000 cycles
Read: unlimited
- Supports SMART (Self-Monitor Analysis and Reporting Technology)
- 70 MB/s read, 20 MB/s write - 2 channel
- Power consumption: 1.9 W (max.)
- MTBF: > 2.000.000 hrs.
- Vibration: 5 GRMS, 10-2000 Hz
- Shock: 1.500 G / 0.5 msec.
- Built-in BCH ECC 24 bit
- Dimension (LxWxH): 36.4 x 42.8 x 3.3 mm

Απαιτήσεις συστήματος

- CFast slot

Περιεχόμενα συσκευασίας

- CFast memory card
