

Delock CFast Flash Card Type I 16 GB

Opis

The Delock CFast Flash Drive is a CF and „ATA Serial Transport“ (AST) combined new development in fields of memory cards and is due to its high reading and writing capacity ideal for saving and recall data. It mainly convinces by its faster data transfer rate, since CFast is based on SATA.

16 GB

Predmet br. 54489

EAN: 4043619544899

Zemlja podrijetla: Taiwan,
Republic of China

Pakiranje: Retail Box

Tehnički podaci

- Capacity 16 GB
- Memory chip: Micron MLC
- Controller: Jmicron
- CFast 7+17pin interface / SATA 3 Gb/s
- CFast type I
- Operating voltage 3.3 V
- Operating temperature: 0° C to + 70° C
- Endurance:
 - Write/Erase: over 3000 cycles
 - Read: unlimited
- Supports SMART (Self-Monitor Analysis and Reporting Technology)
- 70 MB/s read, 20 MB/s write - 2 channel
- Power consumption: 1.9 W (max.)
- MTBF: > 2.000.000 hrs.
- Vibration: 5 GRMS, 10-2000 Hz
- Shock: 1.500 G / 0.5 msec.
- Built-in BCH ECC 24 bit
- Dimension (LxWxH): 36.4 x 42.8 x 3.3 mm

Preduvjeti sustava

- CFast slot

Sadržaj pakiranja

- CFast memory card
