

Delock Cable Gland PG13.5 with strain relief and bending protection grey

Description

This cable gland by Delock allows a watertight seal to the housing for the lead-through of cables and electrical tubes.

Additional protection through strain relief

The screw-on strain relief fixes the cable and protects it from excessive bending, e.g. in machinery. The cable remains in their original position even during vibrations and they cannot fall out.

IP68 dust and waterproof

The cable gland also offers increased protection against dirt and moisture.

Multifunctional application

The robust design is ideal for use in automation, the robotics industry and machinery.

Specification

- Thread size: PG13.5
- Thread length: 9 mm
- Spanner width: 24 mm
- Protection class: IP68
- Cable diameter: min.: 6 mm max.: 12 mm
- Operating temperature: -40 °C ~ 100 °C
- Material: plastic / metal
- Colour: grey RAL7035

Package content

Cable gland

Item no. 60356

EAN: 4043619603565 Country of origin: China Package: Zip poly bag
