

Delock 19" Brush Strip with cable holder tool free 1U black

Description

This brush strip by Delock is suitable for installation in a 19" network cabinet.

With cable holder

On the back, the panel is equipped with a holder to fix the cables and to enable a clear and tidy sorting.

Installation without tools

The special feature of this brush strip is that no tools are required for installation in a network cabinet. The integrated mounting clips can simply be pushed outwards to lock the panel in place.

Proper laying of cables

The cables are simply routed from the front to the rear, so the view of the cables inside the network cabinet is blocked and the network cabinet leaves a clean overall impression.

Protection against foreign particles

The included nylon brushes prevent ingress of dust and dirt.
