Delock Cable SATA Express 18 pin plug + SATA Power > SATA Express 29 pin plug 30 cm

Description

With this cable by Delock an SSD with SATA Express port can be connected to a free SATA Express port of the PC. SATA Express combines the technologies of SATA and PCI Express and allows the integration of an SSD with such a port via PCI Express into the system. The simultaneous usage of two PCI Express lanes allows higher data transfer rates than a connecting via SATA.
