

# Delock USB 3 in 1 Retractable Charging Cable for 8 pin / Micro USB / USB Type-C™ white

## Description

This practical 3 in 1 retractable cable by Delock can be connected to a power source with USB-A connection and can be used to charge various devices with Lightning™, Micro USB or USB Type-C™ interface. Charging three devices at the same time is also supported, whereby the total output current of 2 A is then distributed over all lines.

## Useful companion

Due to its small size, the Delock charging cable is a practical companion on the go and always at hand. A knotting of the cables is avoided by its winding mechanism.

## Flexible

The charging cable can be pulled out in four stages and thus offers different cable lengths, depending on requirements.
