

# Delock 10 Gigabit PoE+ Injector 802.3at 30 W

## Description

This **Power over Ethernet** injector by Delock can supply power via a network cable to a PoE-enabled device, such as an IP camera or a PoE splitter. The injector is connected between the network switch and the PoE device (PD) and provides the device with up to **30 watts** of power and 10 Gbps Ethernet. The compact size and integrated wall mounting enable space-saving installation.
