

Delock Riser Card PCI Express x16 > 1 x PCI Express x16, 2 x PCI Slot

Description

This riser card by Delock allows installation of a PCI Express x16 and up to two PCI cards horizontal. Therefore the riser card needs to be plugged into the PCI Express and PCI slot of the motherboard. If there is the need of the second PCI slot on the riser card, it should be plugged in the additional PCI connector to the motherboard. Because of the space-saving horizontal installation the riser card is particularly suitable for application in 48.3 cm (19 inches) chassis with 2 height units.

Item no. 89151

EAN: 4043619891511

Country of origin: Taiwan,
Republic of China

Package: Poly bag
